Collaborating with Infosys Finacle has propelled us towards transformative banking solutions

Kanchana Devasurendra

Assistant General Manager - Information Technology Systems, Pan Asia Banking Corporation

Infosys Finacle is not just a vendor or supplier for us. They have been a long-time partner of UBP, and partnerships are not possible without a common goal or objective. Infosys Finacle takes the time and effort to understand our strategic and business directions. They plan with us, they deliver on their commitment, and they are honest enough to say when it's an area they can't cover. They are at the core of our digital transformation and through their solutions and services, we are able to launch key digital initiatives and scale.

Dennis D. Omila, EVP & Chief Information Officer, UnionBank of the Philippines

Our favorable experience with our existing Finacle platform made the decision to upgrade to the new generation Infosys Finacle Digital Banking platform that much easier.

Fahad Siddiqui, Deputy IT Division Director, FE CREDIT

Finacle Core Banking System has demonstrably contributed to the Bank's growth trajectory and positive impact on the Sri Lankan financial landscape.
